From Island Landscape & Nursery.

A unique range of decorative planters.

Classical in shape and style. Wide

selection of colours. Contemporary for

decor of offices

and homes.

The CottaPot

range from

Australia.

Exclusive from

Island Landscape

& Nursery Pte Ltd.

GENERAL INFORMATION

Colours:

All models come in either terracotta, sandstone, heritage green, dove grey, white, black or charcoal.

Other colours can be produced to meet specific requirements of large projects.

Uses:

Designed for outdoor and indoor use. In place of fibreglass, terracotta and other clay or concrete products.

Method of Manufacture:

Rotationally moulded to Australian quality assurance criteria.

Material:

Hamplar™, high-performance linear olefin-copolymer, developed by Palamont to combine the look, feel and colour of terracotta with the toughness expected of a modern material.

Ecology Note:

Rotomoulding is a low pressure, low temperature, highly efficient method of manufacture. All waste is recycled by Palamont.

All planters carry a 10 year warranty. Designs are covered by Australian Design Registration No. 107400.
